**JOHN R. BADGER 2028**

**GRASSROOTS ACTION LETTER**

# THE PEOPLE ARE ASKING TO BE HEARD

To Whom It May Concern:

I am writing as an American voter and participant in our democratic process.

I respectfully request that John R. Badger be given a fair opportunity to be recognized and considered as a candidate seeking the Democratic nomination for President of the United States in the 2028 election.

My purpose in writing is simple: I want the opportunity to decide for myself.

I believe American voters should have a meaningful opportunity to hear from candidates, examine their qualifications, consider their positions, and determine through the democratic process whom they wish to support.

I am therefore asking the appropriate Democratic Party organizations and officials to provide John R. Badger a fair opportunity to participate in the process through which Democratic voters consider candidates for the 2028 presidential nomination, consistent with applicable election laws and party rules.

My voice should not be measured by the amount of money a campaign raises. My vote should not be measured by political influence. I am an American voter, and I am asking to be heard.

If our political system reaches a point where qualified candidates cannot meaningfully reach voters without extraordinary financial resources or institutional support, then I believe Americans and their elected representatives should seriously examine reforms to our electoral system. That discussion should include the role political parties play in determining access to the presidential selection process and the continuing national debate concerning the Electoral College.

Whatever our political differences may be, the fundamental principle should remain: The American people deserve a meaningful voice in choosing the people who seek to represent them.

I respectfully ask that my request be received, documented, and considered.

This letter represents my individual decision to participate peacefully and lawfully in America's democratic process.

My voice matters. My vote matters. I am asking to be heard.

Respectfully,
